

Food Safety and Quality Policy

Top Management determines, implements, and maintains PT Ganesha Abaditama's food quality and safety policies in accordance with organizational goals and reviews their effectiveness as needed.

Top Management communicates to every employee at PT Ganesha Abaditama with the aim that the quality and food safety policy can be understood, implemented, and known by both internal and external stakeholders.

PT Ganesha Abaditama is committed to producing products that are safe, authentic, good quality and suitable for consumption by all consumers, meeting regulatory requirements and customer agreements, and achieving the organization's goals, context, and strategic direction.

To achieve this food quality and safety policy, PT Ganesha Abaditama will always consistently implement the following commitments:

1. Produce products that meet regulatory requirements and customer agreements related to food safety.
2. Prioritize food quality and safety throughout the food supply chain starting from procurement of raw materials, processing, and distribution to consumers.
3. Improve and develop competent human resources as well as facilities and infrastructure that support the success of the Food Safety Management System by inspiring knowledge and culture about the importance of quality and food safety as well as hygiene behavior in food handling and production (Food Safety Culture).
4. Implement all quality and food safety system requirements, also be consistent and make continuous improvements and improvements.
